LATEST NEWS

Celebrating Vision: The Significance of World Retina Day and World Sight Day

Every year, World Retina Day is observed on September 28th, highlighting the critical role of the retina in our vision and the diseases that threaten it. Established to educate and raise awareness about retinal health, this day emphasizes the importance of understanding retinal diseases, such as retinitis pigmentosa and age-related macular degeneration, which can significantly impair vision.

Retinitis Pigmentosa, which was the focus of the very first World Retina Day, leads to the degeneration of the retina, affecting millions worldwide. Since its inception in 2010 this day has been celebrated every year by Retina South Africa.

Please see Retina South Africa's Press release on the occasion of World Retina Day.

Understanding the Marrakesh Treaty: A Beacon of Hope for the Visually Impaired

The Marrakesh Treaty, formally known as the Marrakesh Treaty to Facilitate Access to Published Works for Persons Who Are Blind, Visually Impaired, or Otherwise Print Disabled, represents a significant stride towards inclusivity and accessibility. Adopted on June 27, 2013, in Marrakesh, Morocco, this treaty addresses the 'book famine' by enabling the creation and distribution of books in accessible formats for those with print disabilities

Key Highlights of the Marrakesh Treaty:

Purpose: To combat the scarcity of accessible books for individuals with visual impairments, facilitating the creation, and distribution of accessible formats (in Braille, audio, and large print) worldwide.

Impact: The treaty has been ratified or acceded to by 97 contracting parties, encompassing 123 countries globally, marking a widespread acknowledgment of the need to enhance access to published works.

Advantages for the Visually Impaired: The treaty empowers visually impaired individuals by increasing the availability of books in accessible formats such as Braille, audio, and large print. It fosters international cooperation, allowing for the import and export of

accessible materials, and encourages countries to adopt supportive legal frameworks.

FUNDRAISING EVENTS RECAP

Swing for Sight 2024

The Swing for Sight event was a tremendous success, attracting 136 players and around 35 sponsors. The day featured celebrity participants, thrilling challenges, and the inspiring Retina SA Para Golf Team, who participated with their guides from the South African Blind Golf Association. This inclusive event provided a platform for visually impaired athletes to showcase their skills and determination, challenging stereotypes and inspiring others. By engaging sponsors, participants, and volunteers, it created a sense of community and shared purpose.

Congratulations to all the Teams!

A huge round of applause to everyone who participated and made this event a grand success. Special congratulations go out to the top three teams for their outstanding performances: 1st Place - Tiger Brands, 2nd Place - Team Clippa Sales, and 3rd Place - Team Numerator.

The success of the event was made possible by the enthusiasm, support, energy, and dedication of the management and staff at Dis-Chem Pharmacies and Foundation. A sincere thank you to our Sponsors, Players, and Volunteers. Your participation helped raise R212,000, which will support our education, awareness, and research projects.

Huge thanks to WorksGroup for sponsoring golf shirts for all players. Due to the overwhelming success and positive feedback, we've already set the date for next year's event on September 2, 2025, expanding to both the East and West courses.

MAKING A DIFFERENCE TOGETHER

A Message from Charles Kgopa: Our first Ride Joburg Charity Cyclist

“Retinal degeneration slowly takes away a person’s sight, turning their world dark. Conditions like AMD (Age-Related Macular Degeneration) and RP (Retinitis Pigmentosa) are the culprits behind this heartbreaking loss.

Retina South Africa is a Non-Profit Organization dedicated to supporting research into these conditions. For my fourth 947 Ride Joburg, I’ve chosen to RIDE FOR A PURPOSE: raising funds for Retina SA to continue their incredible work.

I have already raised 20% of my target, and with your help, I can reach my goal and make a significant impact. Join my community of supporters who are making a difference together. Every bit helps, whether it's R50 or R500, your contribution matters.

Together, we can make a brighter future for those affected by retinal diseases.”

UPCOMING FUNDRAISING EVENTS

November 17, 2024 Ride Joburg for a Purpose.

Be part of something amazing and join us on Sunday, November 17th, for the Virgin Active 947 Ride Joburg. Show Joburg what we can achieve together! Remember entries close 27th October.

**Join the Retina Charity Team
and get 1 free entry to win an
Orbrea Road Bike. T's & C's
Apply.**

SAVE THE DATE!

Dis-Chem Ride for Sight 2025

Mark your calendars! The Dis-Chem Ride for Sight 2025 is set for 16 February 2025. Join us for a day of cycling, community, and support for those affected by retinal diseases. Stay tuned for more details on early bird entries, and get ready to ride for a brighter future!

BACK TO BASICS WEBINAR

Supported by Roche Products (Pty) Ltd and Bayer South Africa

Special Edition - World Retina Day

Devices and Myopia

In this special edition of the “Back to Basics” webinar, celebrating World Retina Day, Karen focusses on the growing epidemic of myopia in children. She discusses the various types of myopia, including progressive, high, and axial myopia, and explores why this condition is becoming a significant health hazard. Join us as we delve into the details of these terms and understand how myopia progressively worsens over time.

RETINAL REALITIES PODCAST

Supported by Roche Products (Pty) Ltd

Episode 21 - Navigating Blindness with Grace - with Leanne Hunt

“Blind people have dreams as big as sighted people, and if they have the determination and courage to pursue those dreams, why stop them?” – Leanne Hunt

Join us in this episode of the Retinal Realities Podcast as we chat with Leanne Hunt, the author of What Every Blind Person Needs You to Know. Leanne shares how her experiences with vision loss inspired her to write this insightful handbook, this handbook is designed to show families, friends and colleagues of the visually impaired how to offer support without being patronising.

Leanne is living with Stargardts disease, a retinal condition that progressively leads to blindness. She has self-published several books, volunteered at various non-profit organizations, pursued a master's degree, and written on a wide range of topics. Leanne's accomplishments are a testament to her resilience and passion. Leanne's book is available on Amazon at <https://www.amazon.com/What-Every-Bli...>
