

A Cure in Sight for Blindness: Refer Your Patients to Us

Retina South Africa collaborates closely with healthcare professionals and families to provide support, understanding and community to individuals living with retinal conditions.

How can our services help your patients find hope after their diagnosis?

-  **Specialist referral pathways** for diagnosis
-  **Free eye screenings** at trusted partners
-  **Support groups** for patients and families
-  **Guidance** on living with retinal conditions
-  **Resources and advocacy** for ongoing care

When you suspect a retinal dystrophy, acting quickly is key. Refer your patients to us on the Vula app or get in touch today!

**Join Retina SA in making a difference.
